Subject: EASA.21G.0019 – EASA Part Subpart G approval continued validity

Attachment: POA continued surveillance plan for the period 2017-2019

Dear Mr Prasad,

According to EASA POA procedure and following a positive recommendation from EASA POA Team Leader for

HBL Power Systems Limited

the European Aviation Safety Agency hereby confirms the continued validity of your Part 21 POA Approval Certificate reference number:

EASA.21G.0019.

This certificate will remain valid whilst your organisation complies with Part 21 Subpart G and the EASA Fees and Charges Regulation.

The next recommendation for continued validity of the above mentioned POA is

13 November 2019.

Yours sincerely,

Jiří Nový
